Secretario di Estado Eric van der Burg a shuata na Aruba

Hospitalisa na HOH

Secretario di Estado Eric van der Burg encarga cu asun-tonan di asilo den e gabinete demisionario di Mark Rutte, a yega Aruba den fin di siman dia pa papia cu gobierno di Aruba pa despues e sigui c'un bishita na Corsou y finalmente e lo bay Bonaire.

Aki na Aruba van der Burg lo mester a reuni cu traha-donan, organisacionnan y tambe e lo a efectua diferente bishita caminda lo hiba combersacion relaciona cu e maneho di emigracion y con ta atende cu traficacion di hende y otro puntonan di vital importancia.

Sinembargo mesun diadomingo aki, Secretario di Estado van der Burg lo a come algo cu no a cay bon na su stoma y el a shuata di tal forma cu e mester a wordo hospitalisa den dr Horacio Oduber Hospital.

Den fin di siman tambe a surgi problema serio den e centro di asilo na Ter Apel na Hulanda caminda un biaha mas, e centro aki cu por acomoda un maximo di 2 mil persona, a haya su mes cu casi 300 persona di mas di cual un grupo grandi a drumi pafo riba yerba.

Na momento cu e centro aki ta completamente yen, gobi-erno ta manda esunnan di mas pa diferente localidad di emergencia pero a bin resulta cu esakinan tambe tabata completamente yen. Ora cu e situacion aki a presenta a avisa e Secretario di Estado cu ya tabata na Aruba pa haci un apelacion pa e suspende su biahe pa Caribe Hulandes y regresa mesora pa atende cu e situacion serio aki.

Principalmente awor cu e temperatura ta bahando consid-

erablemente y tin hendenan kedando pafo den tur e friu y mester busca un solucion pa e problema.

Van der Burg a sigura den nomber di gobierno cu lo no permiti nunca mas e cantidad di hendenan cu ta kedando den e centro di asilo na Ter Apel di pasa e cantidad di 2 mil ya cu na 2022 constantemente tabata hendenan di mas den e centro cu a crea cantidad di problema pa e centro.

Un vocero di e mandatario a muestra cu van der Burg a bira malo durante di su bishita na Aruba y pa su seguridad el a wordo interna den hospital pa e sigui tratamiento caminda e lo tin cu sosega su curpa pa supera loke e ta pasando aden.

Diadomingo mes a dicidi di suspende su bishita na Corsou y Bonaire pero su oficina ta sigui traha duro pa soluciona e situacion cu a presenta na e centro di asilo.

Aki na Aruba gobierno no a duna informacion relaciona cu e situacion di e Secretario di Estado Eric van der Burg te cu ayera tardi of si el a logra regresa Hulanda.

Acusacion di ta miembro di organisacion criminal ta incorrecto

Na Aruba a acusa tres ex mandatario di mesun acusacion aki

Ayera a wordo publica na Hulanda, cu Ministerio Publico di Hulanda, a muestra di tin duele cu a sospecha e ex miembro di Parlamento, Richard de Mos, di ta pertenece na un organisacion criminal.

E disculpa no tabata solamente dirigi na de Mos pero tambe na otro sospechosonan den e caso caminda a acusa nan tur di lo ta miembro di un organisacion criminal y ayera Ministerio Publico na Hulanda, a ofrece su disculpa na legislado y tur esunnan cu tambe a wordo acusa di mesun delito aki, ya cu e acusacion aki ta inapropia.

“Nos a ripara cu esaki ta esaki ta forma un tipo di stempel riba e caso cu en realidad no tabata necesario y tampoco tabata necesidad,” parti di e disculpa di Ministerio Publico a splica.

De Mos kende tabata Parlamentario a pasa den mesun tipo di situacion cu Ministerio Publico a impone aki na Aruba contra di tres ex mandatario, kendenan ta ex minister Otmar Oduber, Parlamentario Benny Sevinger y tambe ex minister Paul Croes, kende nan tur a wordo sospecha di ta forma parti di organisacionnan criminal.

Den e caso di Benny Sevinger Ministerio Publico dado momento a dicidi di elimina e acusacion aki mientras cu ainda e acusacion inicial cu a wordo haci contra di Otmar Oduber, ta keda vigente ya cu nunca OM a presenta acusacionnan mas directo y oficial contra di e ex mandatario aki.

Un publicacion na Hulanda na luna di September di 2020, ta muestra lo siguiente: *“Het Openbaar Ministerie verdenkt De Mos van deelname aan criminele organisaties, schending van het ambtsgeheim, meined en corruptie.”*

Sinembargo ora cu caso a wordo trata den Corte na luna di April di 2023, pues e aña aki, Corte a dicidi di absolve tur esunnan involvi den e caso aki di tur acusacion cu Ministerio Publico a presenta y aki tambe a keda publica lo siguiente: *“De Mos en andere verdachten zijn op 21 april 2023 allen vrijgesproken van de tenlastelegging. Volgens de rechtbank kan met het strafrecht het ontbreken van duidelijke regels voor de financiering van lokale partijen niet worden opgelost. Tevens geeft de rechtbank aan dat niet kan worden aangetoond dat er kwade bedoelingen (omkoping) zijn bij geveer en ontvanger van de donaties.”*

DUDA GRANDI

E publicacionnan aki relaciona cu e caso di Richard de Mos,

hunto cu e decision di Ministerio Publico na Hulanda, ta tira un bista totalmente diferente riba decisionnan di Cortenan den tanto e caso di Benny Sevinger y di Paul Croes y probablemente tambe den e caso cu ainda no a yega Corte contra di Otmar Oduber.

Na Hulanda Corte a muestra bon cla den e caso contra de Mos y e otro sospechosonan, cu e no por soluciona e asunto di financiamiento di partidonan politico, pa motibo cu den e codigo penal, ta carece reglanan concreto pa cu esaki.

Na mes momento Corte a muestra cu contra e sospechosonan den e caso aki, no a keda comproba cu lo tabatin intencionnan malo entre esunnan cu a duna donacion y esunnan cu a ricibi e donacion.

Sinembargo aki na Aruba e duda aki tambe ta existi y medianan di comunicacion na varios ocasion a señala cu entre otro Ministerio Publico a tuma tres pa cuater aña of mas, pa hinca un caso den otro, a papia cu e politiconan tabata forma parti di organisacionnan criminal y tambe a defini cu politiconan(ontvanger) cu a haya donacion di sponsornan(gever), ta igual cu “omkoping.”

Pa colmo den e caso di Parlamentario Benny Sevinger, hasta Ministerio Publico y Corte den Prome Instancia aki na Aruba, a conclui cu placa di su propio fundacion cu e politico aki a uza pa paga un pasashi pa su señora a compaña su persona pa un biahe pa exterior, ta motibo di haya e Parlamentario culpabel di malversacion loke e caso di Richard de Mos na Hulanda ta desbarata por completo.

Awor tin cu warda pa mira si Ministerio Publico aki na Aruba tambe lo ofrece disculpa pa stempel e politiconan aki, di ta miembronan di un organisacion criminal!!

Parlamentario Mike Eman di AVP

Biahando pa Hulanda pa presenta Sociaal Cultureel Planbureau

Ta pa algun tempo caba partido AVP ta trahando riba diferente plan, vision cu mester sirbi como solucion pa e situacion cu pais Aruba a bin haya su mes aden ultimo 6 añanan di gobernacion di Gabinete Wever Croes. Parlamentario y lider di AVP, Mike Eman a muestra cu dialuna venidero e lo ta saliendo pa Hulanda pa presenta un nota di partido AVP cu lo carga e nomber di Sociaal Cultureel Planbureau.

Den un entrevista den e noticiero Enfoke 24Ora, sr Eman a muestra cu ora cu lesa e raportahe di CFT cu a drenta diabierna siman pasa, por mira un analisis hopi corecto y profundo di cuanto placa a drenta, cuanto placa a sali, kico ta e deficit, cuanto ta bin di 'winstbelasting, cuanto ta bin di 'loonbelasting', cuanto ta bay pa 'goederen en diensten' y cuanto placa ta bay pa 'personeel.' "Pero no tin un palabra den e reportahe aki cu ta papia di e perdida di poder di compra di nos conciudadanan, di e 'schoolgeld' cu a bira impagabel a nos muchanan.

Tampoco di e trabou cu nos grandinan ta pasa pa paga pa nan remedi ora nan bay un botica na momento di busca nan receta di remedi, no tin un palabra den e reportahe aki pasobra esey no ta tarea di CFT.

Pero si nos bay biba cu tin un instrumento cu nos ta wak tur informacion cu mester tin pa loke e peso di gasto cu pueblo tin pero cu e tiki informacion suministra pa CFT, gobierno ta cana busca 'prentje' pero mientras tanto pueblo ta sofocando. No tin un caminda cu ta bisa cu poder di compra di pueblo ta na suela, cu tin un pobresa di 50% di e comunidad aki, mayornan no por paga pa muchanan por bay scol despues di tur e aumentonan di 'schoolgeld.'

Casnan a bira impagabel, FCCA a caba di bisa, cu ta imposibel pa un persona cu salario minimo por biba den e pais aki y esaki no tabata e Aruba di seis, shete aña pasa, cu nos a laga atras.

Un pais floreciente, un pais reconoci den e mundo aki como pais innovativo canando padilanti y pa e motibo ey nos kier pa yega na un areglo cu Hulanda y CFT por keda, den e 'Rijkswet' of den ki 'wet' cu nan kier pone, ya cu e ta un hecho caba.

E 40 mion boet cu nos a paga no ta pa motibo di Rijkswet pero pa motibo di gañamento, pasobra si Evelyn no a firma y despues a 'trek terug' ya cu e ta bira dificil pa Hulanda dal bo un 'rente-boete' di 40 mion florin.

Pero ora cu bo gaña un hende, no un bes pero dos bes, pa motibo dia cu Evelyn a firma e protocol, pa continua cu e 'Landsverordening' di CFT manera cu AVP a palabra esaki e tempo ey, a ehecuta esaki den Parlamento, el a funciona tres pa cuater aña, ora cu el a firma cu e ta bay prolonga esaki, Evelyn a laga algun parlamentario, bisando cu su persona no sa di nada, Hulanda no a cay pa esey.

Esey tabata e prome engaño, caminda Hulanda a sinti su mes 'tuma haci' pero a 'kijk door de vingers,' pero ora di dos biaha Evelyn a bay firma pa un 'Landspakket' y bo a firma pa un 'Rijkswet' y despues bisa cu mesun parlamento di mi no kier bay di acuerdo cu loke el a firma, ta esey ta e multa cu Aruba tin cu paga. Aruba ta pagando un multa y nos no ta pagando un multa pa motibo cu nos no kier of no kier un 'Rijkswet' ya cu si Hulanda tabata deal c'un gobierno cu no a gañ'e pero cu a dun'e argumentonan cu di con si un Rijkswet y di con no un Rijkswet, bo a hinca esaki den un 'Landsverordening' y nos a convence Rutte cu nos kier un 'eigen Landsverordening,' confia nos cu a hinca esaki den un Landsverordening y esey a funciona perfectamente bon. Awe cu Evelyn a firma cu e ta bay di acuerdo cu e 'Rijkswet' anto el a bin Aruba y cambia esaki, ta esey ta e multa di 40 mion cu Aruba ta pagando awe.

Nos por scucha algun den oposicion bisando cu AVP tambe ta parti di esey, mi tin cu bisa cu AVP t'ey pa 100 aña caba y AVP a percura pa e Status Aparte di e pais aki. AVP a percura pa ora LAGO a cera, mester sa kico ta historia di e pais aki, bo mester sa e capacidad cu e pais aki tin.

Nos sa e capacidad di e pais aki, ora cu e wordo dirigi pa hendenan c'un curason, alma y consenshi pa dirigi un pais y no un grupo di 'friends & family' caminda lamentablemente e vision ey no t'ey aworaki pero nos kier yega na un acuerdo nobo cu Hulanda.

Lo bisa cu Hulanda cu ta logico cu nos tin debe y nos tin cu paga y nos lo sinta pa mira con nos ta paga e debe pero nos kier tambe cu Hulanda sinta cu nos y realisa cu nos no por atende tur e cosnan aki cu atencion pa tur situacion cu pueblo ta bibando na e momentonan aki," Parlamentario Mike Eman a muestra.

Minister Arends ta uza Excedente den Presupuesto pa Inverti den Capital Humano

Dialuna anochi den un rueda di prensa extraordinario a comparti e noticia cu den Aruba su di dos presupuesto supletorio di año 2023 tin un surplus di 25 miyon florin. Algo cu ta pasa pa prome biaha den historia di nos isla.

E bon noticia aki ta surgi despues di un largo esfuerzo unda cu a hiba un maneho estricto y responsabel.

E excedente aki lo wordo uza pa sigui cu proyectonan importante, pues e presupuesto alocu pa Ministerio di Transporte, Integridad, Naturalesa y Asuntonan di Adulto Mayor ta un suma di 7.3 miyon florin.

Minister Arends ta enfatisa cu e fondonan aki lo wordo inverti den capital humano, subrayando e necesidad di duna nos grandinan e cuidu digno cu nan merece. 3.3 miyon florin lo wordo uza pa paga e trahadonan di SABA directamente pa asina segura cu e placa no wordo utiliza pa otro cosnan prome cu yega na nan.

3.9 miyon lo bay na e mehoracion di cuidu pa nos Adultonan Mayor. Lo habri un di dos Cas Marie cu dag-opvang pa adulto mayor cu demencie/alzheimer.

Minister Arends tambe ta consciente cu tin un debe na trahadonan di Serlimar y Arubus cu mester wordo paga. Esaki lo wordo atendi cune manera cu e fondonan bira disponibel pa asina mantene e operacionnan di e companianan aki saludabel.

Matrimonio di mesun sexo un peliger pa nos nuchanan

Na Parlamento di Aruba tin un proposicion di ley pa haci matrimonio entre personanan di mesun sexo legal. Raad van Advies a conseha Parlamento pa legalisa matrimonio di mesun sexo. Corte Superior na Hulanda dia 10 di november proximo lo cuminsa evalua e decision di Corte di Apelacion cu a instrui gobierno di Aruba pa legalisa matrimonio di mesun sexo. Di otro banda lidernan religioso di Aruba a cuminsa un accion di firma contra esaki na december 2022.

Palabra final

Ni Raad van Advies ni Corte Superior mester tin e ultimo palabra den un asunto di moralidad pa nos pueblo. Matrimonio pa personanan di mesun no ta un derecho segun Corte Europeo pa Derecho Humano. Pa e motibo aki Aruba no ta obliga di legalisa matrimonio di mesun sexo. Palabra final ta den man di pueblo di Aruba. Diesocho mil hende aki na Aruba mediante e accion di firma a duna di conoce cu nan kier mantene matrimonio den

nos codigo civil manera cu e ta na momento aki, esta entre un homber y un muhe.

Peliger pa nos muchanan

A pesar cu e lobby LGBTQ+ ta bisa cu e ley aki no ta toca nos muchanan, nos ta mira cu den ideologia y den practica nan ta influencia mente di nos muchanan pa considera homosexualidad algo normal. Nos ta corda cu algun luna pasa mayornan a lanta protesta contra scolnan basico caminda contrario na e curriculum existente algun maestro tabata promove homosexualidad bou nan alumnonan. Danki Dios e mayornan alerto aki a habri wowo di pueblo di Aruba pa e realidad aki. Si Parlamento di Aruba legalisa matrimonio di mesun sexo nan ta legalisa di biaha e derecho pa scol siña nos muchanan cu homosexualidad ta normal. Actualmente esaki ta tuma luga caba na Canada y otro paisnan na un manera cu ta hopi vulgar y nos kier proteha nos muchanan contra di esaki.

Marcha pro famia

Diabierna dia 3 di november lidernan religioso lo entrega e diesocho mil firmanan pro matrimonio original na nos gobernantenan den un marcha pro famia. Tur ciudadano cu kier proteha nos muchanan contra e ideologia LGBTQ+ y mantene famia original ta bon bini pa uni na e marcha aki. Pa e marcha aki ta cuminsa prepara dilanti di edificio di ex DOW den Paardenbaaistraat pa 5'or di atardi.

Specialistanan di mucha di Aruba y Hulanda ta uni forza pa nos muchanan

Cooperacion sin frontera entre HOH Aruba y Wilhelmina Kinderziekenhuis

Siman pasa oficialmente a firma un acuerdo entre Horacio Oduber Hospital (HOH) y Wilhelmina Kinderziekenhuis (WKZ) cu e meta primordial pa intercambia conocimiento y experiencia riba tereno di cuidu di mucha sin importa enfermedad of condicion medico. E desaroyo valioso aki a sali for di ya caba otro cooperacion anterior riba otro tereno y awo nos por ta orguyoso como isla cu pa nos muchanan tambe tin un cooperacion cu Hulanda pa hunto sigui eleva calidad di cuidu.

E acuerdo ta un realidad

Tabatin presente na e firmamento di e acuerdo aki un delegacion di WKZ Hulanda y HOH Aruba. “Un bunita ehempel di cooperacion sin frontera riba tereno di cuidu y experticio,” asina infecciologo di mucha Louis Bont, professor ‘Luchtweginfecties op de kindereleeftijd’ na UMC Utrecht a menciona cu un sonrisa. Pues awo pa un duracion di tres aña un pediatra di WKZ Hulanda lo bin HOH Aruba y brinda cuidu, intercambia experticio y conocimiento y mas y tambe pediateranan di HOH y tambe miembronan di Hunta di Directiva lo bay Utrecht Hulanda cu e mesun meta.

Jacco Vroegop, Presidente di Hunta di Directiva di HOH: “Mi ta sumamente orguyoso cu a logra formalisa e cooperacion aki entre e grupo di pediateranan di WKZ Hulanda y di HOH Aruba. Esaki ta brinda apoyo enormemente den loke ta nos esfuerso pa logra yega na cuidu di mucha amplio y di calidad na Aruba, y tambe pa un futuro unda nos muchanan ta saludabel y contento den nos Hospitalnan.”

Cooperacion riba tereno di pediatria

WKZ Hulanda t’ey pa tur mucha, pues no solamente muchanan cu ta admiti na WKZ Utrecht. Ya conhuntamente nos tin un cooperacion riba tereno di neurocirugia, y awo pa loke ta tereno di pediatria esaki ta uno nobo. Mescos cu neurocirugia ta rekeri delicadesa preciso, asina tambe e cooperacion entre pediateranan ta rekeri un coordinacion estrecho y alabes comparticion di conocimiento. Di e forma aki Aruba ta forma parti di e region di cuidu di UMC Utrecht. Eric Arends, vakgroepvoorzitter di pediatria na Aruba a menciona: “Cu hopi entusiasmo nos ta mira den futuro pa un cooperacion mutuo constructivo cu e solo meta pa eleva calidad di cuidu di mucha na Aruba. Pues un tremendo paso pa nos tur!”

Pa tur dos hospital e cooperacion aki ta un ‘win-win’. E Hospital di Aruba ta interesa den e aporte riba tereno academico pa asina logra optimalisa y eleva calidad y alabes ta reforsa e capacidad di e team. Ademas Aruba ta forma parti di Reino Hulandes. HOH tin e necesidad grandemente pa ‘waarnemers’ riba tereno di pediatria di forma structural, ta desea di por manda pashent pa WKZ y mehora calidad di cuidu door di intercambio di personal. Pa WKZ esaki ta un oportunidad strategico y alabes pe pediateranan cu ta biaha un bunita chens pa haya (extra) experiencia y trece esaki bek pa WKZ. Pabien Hospital, pabien muchanan y pabien Aruba!

Gobierno ta percura pa e poder di compra di cada famia por fortifica su mes. Den bida nos ta encontra retonan y situacionnan dificil y hasta negativo. Den momentonan asina, den union y positivismo, nos mester concentra riba cosnan positivo. Asina nos por mira oportunidad y solucion hasta pa e retonan di mas grandi. E amor cu cada un di nos tin pa nos pais, ta duna nos forza pa nos continua”, Prome Minister a enfatisa.

Pluma Gang a laga Pariba Legends sin pluma!

Diasabra anochi ultimo den e unico Domino Square Garden na mundo, un drama total a tuma luga cu a laga hopi wowo di fanatico di domino keda blink so. Locual a cuminsa manera un bon bataya, a resulta di ta un wega manera pushi ta hunga cu raton anto ora pushi fada e ta haci 'korte metten' cu e pover raton. Ta trata aki di e bataya entre e famoso ekipo di pariba di brug, Pariba Legends DT, kende nan a baha bin pabou pa enfrenta e grupo nobis nobis cu e number copioso Pluma Gang. Wel, wel, 'very soon' a compronde exactamente pakico e number t'asina. E prome mita a cuminsa estilo 'un toma y dame', caminda tabata parti punto netchi netchi manera bon mucha den klas. Un pa mi, un pa bo, y asina e bataya tabata bay a paso di morocoy 7-7, 8-8, etc. Na final cu score 9-9, Pluma Gang a dicide di 'top up' nan speed un tiki asina y crusa finish di prome mita cu score di 11-9.

'Pero entonces' ... 'hay entonces' ... despues di savoria e snacknan gratis y modela p'e 'photo shoot', algo a cambia den e gang nan plumanan! Cos a bolter y a bira style di 'no more mister nice guy'! Pluma a cuminsa spart bay laira ora cu den un accion relampago estilo 'Blitz Krieg', e ekipo nobo di Pluma Gang a demostra nan poder door di den un frega di wowo aplasta Pariba Legends cu score impresionante di 21 - 11! Boedoem! Manera un testigo a declara ta cos di drenta baño dal un 'leak' sali bek haya sala bashi y wega

a caba. Prome cu e anochi a hala cera drechi, un caravana tristo sin un pluma a move bay pariba.

Segun mala lengua, e desaster aki a pasa pasobra den di dos tempo e padrino di Pariba Legends, e famoso 'Snor' Perez, no a hunga mas. Tempo lo bisa kico ta kico, pero por lo pronto ta parce cu Pluma Gang t'asina fuerte cu te hasta fo'i morocoy nan por ranca pluma.

Segun Parlamentario Ricky Hoek (MEP):

Mester pone enfoka riba infraestructura y transporte

Pa yuda den e mehoracion di e calidad di bida di e adulto mayor

Parlamentario Ricky Hoek di Fraccion di MEP tabata hopi satisfecho di por a atende e prome Foro Nacional pa Adulto Mayor organisa pa Gobierno di Aruba.

El a referi na dos tereno hopi importante cu ta concerni e adulto mayor y esakinan ta Infraestructura y Transporte. Enfocando riba e parti di infraestructura, e Parlamentario a indica cu ta hopi importante pa gobierno tene esaki na cuenta, pa e adulto mayor, pero tambe pa e personanan cu limitacion.

Tin oportunidadnan pa crece y mehora den esaki den comunidad, a remarca. “Si nos bay den Caya Grandi, si nos bay den tiendanan of cierto viviendanan mes, mi ta kere ta puntonan hopi esencial cu nos tin cu tene cuenta cu ne”.

A señala cu anteriormente, den tratamiento di Presupuesto y otro reunionnan di infraestructura como tambe social, su persona a trece esaki dilanti pa wak unda por traha na mehoracion di infraestructura pa comunidad, principalmente pa esnan cu mester di un extra ayudo den esaki.

Pa loke ta transporte, a bisa cu ta hopi importante pa un adulto mayor cu ta den rolstoel con e por yega na coy bus y con si esey ta su medio di transporte, ken por yud’e pa drenta den e bus, subi den bus. Ta puntonan di atencion cu lo tin cu bay enfoca un poco mas riba dje pa haci e accesibilidad hopi mas facil pa asin’ki e adulto mayor, of e personanan cu limitacion tambe por sali mas facil for di nan cas sin cu tin cu pensa cu nan no por sali pasobra e ‘trottoir’ ta halto, e bus ta inadecua, no tin

hende pa yud’e, etc, Hoek a declara.

Finalmente, Parlamentario Ricky Hoek a expresa cu si kier inclui e personanan aki den comunidad ta importante pa duna nan espacio, duna nan oportunidad y haci e accesibilidad mas facil.

Parlamentario Marco Berlis (MEP):

CAft supervision financiero ta positivo riba maneho di Gobierno Presupuesto 2024 y economia di Aruba

Rueda di Prensa di CAft diabierna 20 october 2023 a laga oposicion desbarata

Pueblo di Aruba por a scucha y wak pa su mes con den un rueda di prensa diabierna 20 di october CAft, e supervision financiero oficial pa Aruba, a duna elogio y un bon rapport di e maneho financiero di Gobierno, economia di Aruba y riba presupuesto 2024. CAft den su dos consehonan anterior di april 2023 ya a haci esaki di najaarsnota 2022 y presupuesto 2023. Den su ultimo publicacionnan cu por ser mira riba nan website, mester bisa cu Aruba ta riba e bon caminda. Den palabranan bon dirigi sin argumento politico, president di CAft a duna un splicacion pakico CAft su conclusion ta asina positivo y kico ainda mester tene cuenta cu ne.

Oposicion su mentiranan a keda desenmascara y exponi

Den e entrevista CAft a desenmascara e gañamento di oposicion y Mervin Wyatt Ras cu a papia di Lala Land y ondeugdelijk bestuur, asina bergonzando nan retorica. Asombroso ta cu a pesar di e conclusion positivo di consehonan di CAft y IMF a brinda na Parlamento, oposicion ta insisti di mantene un agenda di retorica mentiroso pa confundi e pueblo di Aruba. Video di Prof. mr. Peter Nicolaï di Tweede Kamer di Hulanda a laga oposicion “blo sunu” riba nan gañamento di RAft y awo CAft a caba di expone oposicion su mentiranan riba presupuesto 2024, economia di Aruba y e maneho financiero di gobierno.

Oposicion den desesperacion ta minando su propio credibilidad cada bes mas, specialmente ora cu nan sali inventa storia y ofende Gobierno cu ta trahando duro pa progreso di nos pais. E actitud bergonsoso y destructivo aki ta duna pueblo un bon chens pa observa ki oposicion ta dispuesto pa haci pa yega na poder.

Puntonan cu CAft a elogia maneho di Gobierno

- (1)-Economia di Aruba a recupera completamente danki na un turismo resiliente.
- (2)-Surplus ta bay ta mas cu 1% na 2024. Esaki lo libera miyones pa inverti den nos pais.
- (3)-Presupuesto di Aruba ta cumpli cu tur e normanan.
- (4)-Inversion den fondonan social ta subiendo y ta invertiendo mas den ayudo social.
- (5)-Surplus di AZV y SVB ta algo hopi positivo.
- (6)-Presupuesto 2023 y 2024 a wordo entrega na tempo.
- (7)-Tin deugdelijk bestuur y landspakket ta progresando mas cu tur otro pais den Reino.
- (8)-Tin un crecemento di nos GDP anualmente.

CAft: Mester tene cuenta cu riesgonan

- (1)-Mester tene cuenta cu e guerra nobo cu a start entre Israel y Hamas, con esaki ta afectando globalmente y localmente.
- (2)-Mester sigui wak con e guerra entre Rusia y Ukraina ta keda afecta mundo y inflacion global.
- (3)-Mester monitoria inflacion global y sigui mitiga inflacion local.
- (4)-Mester trata na yega na un miho solucion pa e 6.9% di RAft, sino e lo “verdamp” parti di e surplus di 2024.

Semper ta bon pa cada ciudadano yega na informacion for di e fuente. Scucha e rueda di prensa di CAft pa bo mes y realiza cu e informacion cu mi ta dunando pueblo ta veredicto. Tambe por download e consehonan di CAft for di nan website na www.cft.cw y lesa esakinan pa bo mes.

Esaki ta e strategia di hopi den oposicion: “Traha video, ataca den prensa, sin prueba, sin consenshi, sin bin trabao y sin haci algo.” Pa Aruba recupera nos mester uni pa pusha nos pais den e direccion corecto. No tin luga pa weganan politico y retorica basa riba mentira. Aruba ta riba e rumbo di recuperacion. Aruba mester politiconan serio, dedica na nan pais y para semper pa e berdad pa con duro e por ta. Ami ta kere den Aruba!

Minister Rocco Tjon:

A haci un soft opening pa cu loket plan di mayor

Dialuna merdia, Minister di Husticia y Asuntonan Social sr. Rocco Tjon tawata presente na Centro pa Hoben y Famia, caminda a tuma luga un momento hopi importante den cuadro di eleva e bienestar di nos muchanan. A haci e soft opening di e loket di plan di mayor, cual ta bay bira un centro di experticio pa loke ta brinda guia na famianan y pues muchanan cu ta pasa den casonan di divorcio compleho, pa asina yega na un plan di mayor pa haci e proceso aki pa e muchanan menos tenso.

Plan di Mayor a nace, pa motibo cu científicamente a wordo prueba cu si tin conflicto durante un divorcio esaki por tin consecuencia negativo riba e bienestar di e muchanan y pa e motibo ey, ta asina importante cu nos a tuma e paso aki. Gobierno di Aruba, y sigur Ministerio di Husticia y Asuntonan social tin e proyecto aki como un di nos prioridadnan, y pa e motibo ey tin hopi pasonan concreto cu a wordo tuma riba nivel di legislacion, maneho y desaroyo profesional, pa mehora e bienestar di nos muchanan y percura pa mas seguridad pa nan.

Asina nos por wak bek entre otro riba e introduccion di e campaña nacional pa crea conscientisacion contra abuso di mucha “Mi Mesun Heroe”, introduccion di diferente metodonan di trabou manera “Signs of Safety” y “Codigo di Proteccion” den e diferente sectornan, pa asina mehora e procesonan di trabou den casonan specifico pero tambe pa nos por señala casonan di abuso mas trempan cu ta posibel. Banda di esaki, nos a reglamenta a traves di ley, e operacionnan y e rekisitonan pa loke ta nos centronan di cuido, cual tambe tawata un paso grandi.

E introduccion di e Family Justice Center tambe tawata un paso sumamente importante no solamente pa con ta atende cu casonan di abuso, pero pa motibo di e atencion cu ta wordo brinda na victimanan, pues no ta lubida nan den ful e proceso.

E meta principal di e loket plan di mayor ta pa percura cu e necesidadnan di e mucha ta keda central, restaura comunicacion na bienestar di e muchanan y duna e muchanan mas oido durante ful e proceso aki. Ta importante pa menciona tambe cu prome cu nos a yega na e momento bunita aki a percura pa brinda diferente oportunidad na nos profesion-alnan pa asisti diferente training, curso y opleiding.

Asina nos ta wak bek na e opleiding di Familie Mediation na cual 13 profesional a participa. Pero tambe tin investigacion científico andando den colaboracion cu Universidad di

Utrecht riba e tematica aki.

Ta trata pues di un proyecto cu a cuminsa na 2018 bou Gabinete Wever Croes-I, caminda sr. Bikker na 2019 a institui un comision, di cual a continua cu esaki, y awe ta keda finalisa. Por ultimo, e mandatario a manda palabra di pabien y gradicimento na henter e ekipo, instancia y persona cu a forma parti di e proceso y cu a haci e momento aki posibel, y un danki special tambe na Michella Steenvoorde-Lacle kende ta e motor tras di e proyecto aki.

Entrevista di siman cu Parlamentario Alvin Molina:

Den tur proyecto tin aspectonan cu mester tene cuenta pa nan no bira di mas

Y perhudica nos naturalesa, cultura of patrimonio di Aruba

Un topico basta actual den comunidad di Aruba ta e construcion di hotel. Parlamentario Alvin Molina, di Fraccion di MEP a expresa cu Gobierno di Aruba tin cu percura pa economia por crece y desaroya pa asina crea mas cupo di trabou y pa famianan por tin un entrada. Di otro banda, nos tin cu cuida nos medio ambiente, naturalesa y patrimonio. Tambe, mester percura cu nos hendenan por yega na un pida tereno pa traha nan cas of desaroya un actividad comercial.

Ta notabel cu e hotelnan na Aruba ta birando hopi. Tin areanan, por ehempel Palm Beach caminda hotelnan ta sali manera ‘paddenstoel’, mayoria hende no sa mes cua hotel e ta of con yam’e.

E por bira un reto pa haya hendenan local, profesional y cu ta disponibel pa yena tur e cuponan di trabou. Consecuentemente, lo mester busca hendenan di afo, aunke esey no ta nada malo, di otro banda, ta bay tin presion riba, entre otro, nos infraestructura, vivienda, riba e sistema di cuida medico y enseñansa.

Pa loke ta e parti pariba di brug, San Nicolas, pa decadanan a keda atras y a bira un ‘ghost town’. Prome cu refineria a cera San Nicolas tabata e ‘main area’. San Nicolas mester bay bek na unda e tabata. Pa por logra esaki, mester tin desaroyo. Mester tin movecion di hende pa asina comercio por crece cu consecuencia cu economia lo crece, mescos cu infraestructura lo mehora y tambe seguridad, Parlamentario Molina a enfatisa. Mester busca e manera con pa desaroya San Nicolas. Varios idea y plan a bin ariba mesa. Un idea ta pa conecta Promenade cu e parti pariba di mainstreet San Nicolas, pa di e manera aki e area tambe por beneficia di e exito.

Pa loke ta trata Secrets Hotel, Parlamentario Molina a indica cu e concepto no ta ideal pa San Nicolas, ya cu e ta un hotel ‘all inclusive’. E unico manera cu e hotel por ta beneficioso pa e area, ta si nan por ofrece cierto servicio na e cliente y encurasha nan huesped pa sali explora y gasta cen na loke San Nicolas tin pa ofrece. *“Un hotel ‘all-inclusive’ no ta ideal pa e area, pero ami ta kere cu nos por logra e ‘spin-of’ ainda. A papia caba cu e desaroyadonan di e hotel y nan ta dispuesto pa yuda promove locual e area tin pa ofrece, pero tin cu zorg pa e area tin algo di ofrece”,* el a enfatisa.

“Locual e hotel aki por trece pa e hendenan local sigur ta cupo di

trabou den e area y kisas esnan ta trahando den e cadena hotelero te na e otro banda di Aruba, por scoge pa traha mas cerca di cas locual lo scapa nan hopi cen na transporte y ora pa dia cu nan lo por inverti bek den nan famia y nan salud”, el a señala.

Den tur proyecto semper tin aspectonan cu mester tene cuenta cu nan, pa nan no bira di mas y perhudica, entre otro, nos naturalesa, medio ambiente, cultura y patrimonio. Mester percura pa esey wordo minimalisa mientras cu ta percura pa e beneficianan ta mas grandi posibel pa Pueblo di Aruba.

P’esey hustamente Parlamento di Aruba a aproba e ley pa minimalisa mas hotel na Aruba. Gobierno di Aruba ta haciendo loke ta posibel pa ‘reverse’ e acuerdonan haci durante gobernacion anterior, cual ta encera e miles di camber di hotel cu a keda firma. Den e caso di Secrets Hotel, hopi hende ta kere cu e beneficianan ta grandi y e preocupacionnan ta real, pero tin manera pa mitiga esey, Parlamentario Molina a finalisa bisando.

Mester di mas medida urgente

Ban caba cu abuso infantil na Aruba

A pesar cu nos pais ta conoci pa su beyesa natural y su vibrante cultura, e no ta keda leu for di un problema mundial cu ta existi nos atencion inmediato: abuso infantil. Sustainable Development Goals (SDG's) di Nacionnan Uni, especificamente e Meta 16.2 bao di ODS 16, ta existi fin di abuso, explotacion y e trata y tur forma di violencia contra mucha. Ta imperativo cu gobierno y e politiconan tuma medida proactivo pa aborda e problema aki y ta transparente den nan accionnan.

UN REALIDAD PREOCUPANTE

Aruba ta enfrenta e realidad cruel di abuso infantil. Demasiado mucha ta sufrir den silencio, enfrentando e traumanan fisico, emocional y psicologico. Esaki ta mina profundamente nan bienestar y nan perspectiva di futuro. Pa mantene nos compromiso cu un sociedad husto y pacifico, nos mester aborda e problema aki di frente of manera nan ta bisa na Ingles 'head-on'.

DEMANDA DI ACCION

Nos, como ciudadano preocupa, ta existi p'e gobierno y e politiconan di Aruba, tuma e medidanan decisivo pa proteha nos muchanan. Esaki ta inclui e aplicacion di maneho solido di proteccion di infancia, fortalecimiento di e sistema hudicial pa garantisar un husticia rapido p'e abusadonan y e inversion den programa di educacion y sensibilisacion pa preveni abuso.

TRANSPARENCIA Y RINDIMIENTO DI CUENTA

No ta suficiente cu priminti accion: nos ta existi transparencia. E funcionarionan Arubiano mester duna cuenta detaya di loke a haci te cu aworaki pa combati maltrato infantil. Ki

medidanan legislativo a pone den marcha? Ki recurso a asigna pa sostene e sobreviviente y e muchanan den situacion di riesgo? Nos mester un informe detaya riba e progresonan realisa.

COMPROMISO DI COMUNIDAD

Fuera di esey nos ta insisti na gobierno pa compromete cu e comunidad, e organisacionnan no-gubernamental y e defensoran di e proteccion di mucha. Un enfoque di colaboracion ta esencial pa por aborda e problema aki di manera integral y crea un ambiente mas sigur pa nos muchanan.

E muchanan di Aruba merece un futuro liber di abuso, explotacion y violencia. Mundo ta mirando y e Sustainable Development Goals a establece un caminda cla pa cambio. Awo t'e responsabilidad di gobierno y e politiconan di Aruba pa actua cu rapidez, decision y transparencia. Laga nos uni pa proteha esunnan mas vulnerabel y crea un sociedad husto y pacifico pa tur.

Fortaleza pa Famia

Cultura di mentira ta cultura di decepcion

MENTIRA no ta amigo di hende,
Mentira nunca a yuda ningun hende,
Mentira semper a y lo laga hende su cara keda na berguensa.
No tin ningun clase di crecemento den mentira, alcontrario
hende lo biba bao di sombra di derota.
No ta cumbini hende gaña pa yega na algo, ni tampoco sera
ningun acuerdo bao di mentira, pasobra den e momento no
espera tur cos por basha abao.

Un lenga mentiroso ta odia esnan cu e ta lastima, y un
boca cu ta labia, ta obra ruina (Proverbionan 26:28). Ora
un persona ta gaña su hendenan di cas, e persona ey ta odia su famia, sea e ta den adulterio, vicio, inmoralidad etc. e
persona ey su pensamiento ta bay contrali na bienestar di su famia.
Mundo henter ta yena cu tur clase di mentira, ta parece manera mentira ta cultura, ora mandatarionan mundialmente ta
gaña e pueblo y nan sa, cu no ta existi inmunidad di mentira bao di ora di trabao, pero tur mentira ta wordo considera
como mentira dilanti di Dios.

Tin consecuencia hopi grave pa mentira, pasobra mentira ta deseo di diabel, pasobra Hesus a bisa lo siguiente; Boso ta
di boso tata e diabel, y boso kier haci e deseonan di boso tata. E tabata un matado for di principio, y no ta para den e
berdad, pasobra no tin berdad den dje. Ki ora cu e papia un mentira, e ta papia for di su mes naturalesa, Pasobra e ta un
gañado y e tata di mentira (Juan 8:44).

Nos mester aparta completamente for di mentira, pasobra mentira no tin solucion pa nos bida, alcontrario mentira ta
rebaha hende, pasobra ta esey ta locual diabel kier haci ta di rebaha e creacion di Dios, y nos ta mira cuanto hende a cay
den su trampa, y kier desvia for di nan creacion original y drenta un mundo di fabula, cual ta bira un abominacion dilanti
di Dios.

Mira pa ningun hende no coy boso preso door di filosofia, y engaño bano, segun tradicion di hende, segun e principionan
elemental di mundo, y no segun Cristo (Colosensenan 2:8).

Ma e Spirito di Dios ta bisa claramente cu den e ultimo temponan, algun lo cay for di fe, door di paga atencion na spiri-
tonan engañoso y doctrinan di demoño, pa medio di hipocresia di gañadonan, kende nan mes consenshi a wordo kima
como sifuera ta cu hero cayente esaki a wordo haci (1 Timoteo 4:1-2)

Tene cuenta cu hende por gaña hende pasobra Hesus mes a bisa: Mira pa ningun hende no gaña boso. Pasobra hopi lo bin
de mi nomber bisando: Ta ami ta e Cristo. Y boso lo tende di guera y rumornan di guera, mira pa boso no spanta, pasobra
e cosnan ey mester tuma luga ma ainda no ta e fin (Mateo 24:4-6).

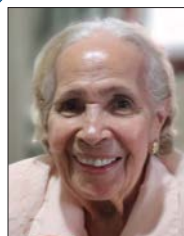

Bo por wordo decepciona door di e cultura den cual bo ta biba p'esey e palabra di Dios ta bisa; No sea conforme e mundo
aki, ma sea transforma pa medio di e renobamento di boso mente pa boso por comproba kico ta e bon y agradabel y
perfecto boluntad di Dios (Romanonan 12:2).

Pasobra e mente fiha riba e carni ta enemistad contra Dios, pasobra e no ta somete su mes na e ley di Dios, como e no
ta capaz pa haci esey tampoco. Y esnan cu ta den carni no por agrada Dios (Romanonan 8:7), Pasobra tur esnan cu ta
wordo guia door di e Spirito di Dios esakinan ta yiunan di Dios.

Dios tene misericordia y libra mundo for di mentira.

Sinceramente, Pastor Marcel Balootje

Señor ta mi luz y salvacion ps. 27-1

Cu hopi dolor, pero agradecido pa tur loke el'a significa pa nos cu su eterno sonrisa, nos ta participa fayecimiento di nos querida tanta y tanta grandi:

VERY WELL-ATTENDED STUDENT CAREER FAIR

Very well-attended Student Career Fair

MORE than 400 students attended the Career Fair that WeConnect organized on October 19th in collaboration with the Dean's office of Colegio Arubano. Students from HAVO 4 and 5 and VWO 4, 5 and 6 received information about what a particular profession entails. The aim is to support the students in their college or university application and their future career choice. More than thirty professionals spoke about their chosen profession and what their day to day responsibilities entail.

Informing

WeConnect, a foundation whose focus is education, is committed to (better) preparing high school students when choosing a college or university.

"We have noticed that it is quite difficult for Aruban students to make a specific choice which college or university to apply for in the Netherlands. An enthusiastic professional who talks about his or her profession can inform and inspire someone." WeConnect's Manager Tanja Fraai explains. This Career Fair is part of a broader series of information sessions facilitated by WeConnect, at Colegio Arubano and other schools.

Professionals in front of the classroom

Professionals with very different professions have been found willing to provide information during the Career Fair. For example, an ANOIS General Practitioner, an Accountant, an Entrepreneur, a Sales Manager, a Pilot, a Multimedia Designer and a Dentist shared about their profession. The sessions with these professionals provided the students with insight into various professions. Mia from VWO 5 was enthusiastic afterwards: "The Career Fair was fun! I went to a 'Law' panel where I received information from Notary Mr. Chamila Tromp. The information provided was clear and the

presentation given was very good."

entailed and how they could get there."

Inspiration

The professionals themselves were also enthusiastic. Marketing Specialist Eslaine Croes looked back on a meaningful evening: "It was wonderful to inspire a younger generation and show what exactly is fun about Marketing, because 'Marketing' is a passion and you have to enjoy it, otherwise it won't work." Howard Hart, working as a Business Consultant: "I enjoyed being able to give the students a fresh and more realistic perspective on being an Entrepreneur. Being an Entrepreneur is very broad, which entails being able to share about multiple aspects of a business. The students were interested in my background in Data and Technology. They wanted to know exactly what it

Requirements

There is a need for WeConnect's study and career information sessions at Colegio Arubano. Chief Dean of Colegio Arubano, Richeilla Wijngaarde; "By organizing this Career Fair, we wanted to provide a platform where students can come into direct contact with professionals and experts from different fields. This allows them to ask questions, feed their curiosity and gain a deeper understanding of what different professions entail. Plus, it helps them discover what steps they can take to achieve their career goals." Hopefully the Career Fair will have a much-needed repetition in 2024."

Specialists from Aruba and the Netherlands Join Forces for Our Children

Borderless Cooperation between HOH Aruba and Wilhelmina Children's Hospital

LAST week, an official agreement was signed between the Horacio Oduber Hospital (HOH) and the Wilhelmina Children's Hospital (WKZ) with the primary goal of exchanging knowledge and expertise in the field of child healthcare, regardless of the disease or medical condition. This valuable development emerged from prior collaborations in other areas, and now we are proud to have an ongoing partnership with the Netherlands to further enhance the quality of care for our children.

The Agreement Becomes a Reality

Present at the signing of this agreement was a delegation from WKZ in the Netherlands and HOH in Aruba. "A beautiful example of borderless cooperation in the field of healthcare and expertise," said Dr. Louis Bont, a pediatric infectious disease specialist and Professor of Pediatric Respiratory Infections at UMC Utrecht, with a smile. For a period of three years, a pediatrician from WKZ in the Netherlands will come to HOH Aruba to provide care, exchange expertise and knowledge, and more. Pediatricians from HOH, as well as members of the Board of Directors, will also travel to Utrecht, the Netherlands, with the same goal.

Jacco Vroegop, President of the Board of Directors of HOH, stated, "I am extremely proud that we have formalized this collaboration between the group of pediatricians from WKZ in the Netherlands and HOH in Aruba. This greatly supports our efforts to achieve comprehensive and high-quality pediatric care in Aruba, ensuring a healthy and happy future for

our children in our hospitals."

Cooperation in the Field of Pediatrics

WKZ in the Netherlands is there for every child, not only for children admitted to WKZ Utrecht. Together, we have an ongoing collaboration in the field of neurosurgery, and now, in the field of pediatrics, this is a new venture. Just as neurosurgery requires precise delicacy, the cooperation between pediatricians also demands close coordination and the sharing of knowledge. In this way, Aruba becomes part of the UMC Utrecht healthcare region.

Eric Arends, Chairman of the Pediatric Department in Aruba, mentioned, "With great enthusiasm, we look forward to constructive mutual collaboration with the sole goal of improving the quality of pediatric care in Aruba. This is a tremendous step for all of us!"

For both hospitals, this collaboration is a "win-win." The Aruba Hospital is interested in contributing to the academic field to optimize and elevate the quality and, at the same time, strengthen the team's capacity. Additionally, Aruba is part of the Kingdom of the Netherlands.

HOH has a significant need for observers in the field of pediatrics on a structural basis, a desire to send patients to WKZ, and improve the quality of care through staff exchanges. For WKZ, this is a strategic opportunity, and it offers pediatricians a fantastic chance to gain (additional) experience and bring it back to WKZ. Congratulations to the hospital, congratulations to the children, and congratulations to Aruba!

Minister Rocco Tjon:

Soft Opening for the Youth and Family Plan Desk

MONDAY afternoon, Minister of Justice and Social Affairs, Mr. Rocco Tjon, was present at the Youth and Family Center, where a significant moment in the context of enhancing the well-being of our children took place. A soft opening was held for the Youth and Family Plan Desk, which will become an expertise center providing guidance to families and, by extension, children going through complex divorce cases to ensure a smoother process for the children involved.

The Youth and Family Plan was born because scientific evidence has shown that conflicts during divorce can have a negative impact on children's well-being. For this reason, it is vital that we have taken this step. The Government of Aruba, and especially the Ministry of Justice and Social Affairs, considers this project one of its priorities and has taken numerous concrete steps at the legislative, managerial, and professional development levels to improve the well-being of our children and ensure their safety.

Among these measures, we can mention the introduction of the national campaign to raise awareness against child abuse, "Mi Mesun Heroe." We have also introduced different working methods such as "Signs of Safety" and the "Protection Code" in various sectors to enhance the working processes in specific cases and identify abuse cases as early as possible. Additionally, we have regulated through law the operations and requirements for our care centers, which

was a significant step.

The introduction of the Family Justice Center was also crucial, not only for handling abuse cases but also for the attention provided to victims, ensuring they are not forgotten throughout the process.

The primary goal of the Plan Desk for the Youth and Family Plan is to keep the children's needs at the center, restore communication for the children's well-being, and give children a greater voice during the process. It is worth mentioning that, before we reached this positive moment, we provided various opportunities for our professionals to attend different training, courses, and education.

Looking back, we see the training in Family Mediation where 13 professionals participated. There is also ongoing scientific research in collaboration with Utrecht University on this topic.

This project began in 2018 under the Wever Croes-I Cabinet. In 2019, Mr. Bikker established a commission to continue this work, which has now reached its finalization. In conclusion, Minister Tjon expressed congratulations and gratitude to the entire team, organizations, and individuals who contributed to this process and made this moment possible. Special thanks were also extended to Michella Steenvoorde-Lacle, who has been the driving force behind this project.

Collision in North Sea Leaves One Dead and Four Missing

A devastating maritime incident, a cargo ship carrying 22 crew members sank in the North Sea after colliding with another vessel. German authorities have reported one fatality and are actively searching for the four missing crew members.

Two individuals were successfully rescued following the early-morning collision, which occurred approximately 22 kilometers southwest of Helgoland Island and 31 kilometers northeast of Langeoog Island.

The ill-fated vessel, named Verity, was sailing under the British flag and was en route from Bremen, Germany, to the British town of Immingham. In stark contrast, the other ship involved, Polesie, was under the Bahamas flag and voyaging from Hamburg, Germany, to La Coruna, Spain.

The Verity, owned by the British company Faversham, was the smaller of the two vessels, measuring 91 meters (about 300 feet) in length. Polesie, owned by the Polish shipping company Polsteam, was significantly larger at 190 meters (623 feet). According to Krzysztof Gogol, a Polsteam spokesperson, the 22 crew members on board the Polesie remain uninjured and are reported to be in good physical condition.

As rescue efforts are underway in the region, the German Central Command for Maritime Emergencies (CCME) released a statement confirming the involvement of multiple ships in the operation. German Transport Minister Volker Wissing expressed his concern for the missing crew members and their families, emphasizing the dedication of emergency services working tirelessly to locate them.

This tragic incident serves as a reminder of the inherent risks faced by those who work at sea and the critical importance of safety and swift response measures to mitigate the impact of maritime accidents. Our thoughts are with the

affected crew members, their families, and the dedicated rescue teams involved in this operation.

39 Countries Express Interest in Joining BRICS in 2024

THE BRICS alliance has attracted significant international attention, with 45 countries expressing their interest in joining this influential group. During the 15th BRICS summit in Johannesburg in August, the organization decided to expand its membership by inducting six new countries out of the 45 applications received. The historic expansion includes countries that have both formally applied and informally expressed their interest in joining BRICS. The new members, Saudi Arabia, the UAE, Iran, Argentina, Egypt, and Ethiopia, are expected to officially join the alliance in 2024.

While most of these nations are likely to accept the invitation, there are indications that Argentina might reconsider its decision to join BRICS. The country's hesitancy is rooted in a range of factors specific to its national interests.

Aside from these six new members, 39 other countries remain committed to the idea of joining BRICS, and they are not backing down on their aspirations. These nations are confident that the alliance may expand further during the next BRICS summit, scheduled for August 2024 in Kazan, Russia.

The prospect of additional countries joining BRICS in 2024

is gaining attention worldwide. While the group has not officially revealed its future expansion plans, the interest of so many nations signals the alliance's enduring global significance.

The countries poised to join BRICS in 2024 include Algeria, Afghanistan, Bahrain, Bangladesh, Belarus, Bolivia, Comoros, Cuba, Democratic Republic of Congo, Gabon, Honduras, Indonesia, Kazakhstan, Kuwait, Mexico, Morocco, Nicaragua, Nigeria, Pakistan, Palestine, Senegal, Sudan, Syria, Thailand, Tunisia, Turkey, Uruguay, Venezuela, Vietnam, Zimbabwe, and more. Their potential entry into BRICS may not only signify a significant geopolitical shift but also carry implications for the global financial landscape, as BRICS has been exploring avenues to reduce reliance on the US dollar.

This development highlights the growing appeal and influence of BRICS on the world stage, as countries from diverse regions express their desire to join this alliance. The expansion could lead to a more multipolar world order, where the BRICS bloc plays an increasingly prominent role. The 2024 BRICS summit promises to be a pivotal event, shaping the future of the alliance and global geopolitics.

Goldman Sachs Sues Malaysia Over 1MDB Scandal Settlement Dispute

A legal battle over a settlement related to the infamous 1MDB scandal, Goldman Sachs, a prominent United States investment bank, has taken Malaysia to a London arbitration court. This lawsuit comes amid escalating tensions surrounding the settlement deal reached concerning the bank's involvement in the multibillion-dollar corruption scandal at the state fund 1Malaysia Development Berhad (1MDB).

Three years ago, Goldman Sachs, headquartered in New York, agreed to pay \$3.9 billion to settle Malaysia's criminal investigation into the bank's role in the 1MDB scandal. However, disputes have arisen regarding the terms of the settlement, prompting Goldman to file for arbitration at the London Court of International Arbitration.

Malaysia's 1MDB task force chairman, Johari Abdul Ghani, has described Goldman's move to arbitration as "premature." He argued that the parties are still considered to be in the stage of amicable good faith discussions.

The 1MDB scandal involved the alleged theft of \$4.5 billion from the state fund, encompassing an intricate scheme that spanned the globe and implicated figures such as former Malaysian Prime Minister Najib Razak, Goldman Sachs executives, and senior officials from other countries.

Najib is currently serving a 12-year prison sentence for his involvement in the scandal, while Tim Leissner, Goldman Sachs's former partner and Southeast Asia chief, cooperated with US prosecutors in 2018 after pleading guilty to money laundering and bribery charges. Leissner's Malaysian-based

colleague, Roger Ng, was sentenced to ten years in prison on similar charges.

The 1MDB fund, established in 2009, was intended to finance development projects but saw billions of dollars diverted to offshore accounts and shell companies.

This scandal played a significant role in Najib's electoral defeat in 2018, marking the first time his party, the United Malays National Organisation (UMNO), lost power since the country's independence.

Goldman Sachs underwrote the 1MDB bonds in international markets, raising substantial funds for the fund and earning the bank approximately \$600 million in fees. The bond sales underwent investigations in at least 14 countries, with Malaysia filing charges against three Goldman Sachs units in 2018 for misleading investors.

In 2020, Goldman reached a \$2.9 billion settlement with the US Department of Justice (DoJ), with its Malaysian unit pleading guilty to a corruption charge. However, the dispute between Malaysia and Goldman Sachs persists, primarily revolving around whether Malaysia received at least \$500 million in assets and proceeds by August 2022, which would trigger an interim payment from Goldman Sachs.

As the arbitration process unfolds, Malaysia's current Prime Minister, Anwar Ibrahim, has expressed a desire to review the settlement in pursuit of recovering more of the lost funds. He has vowed to take a tougher stance on the issue, emphasizing the need for a fair resolution in the interest of the Malaysian government.

We have game 7 in NLCS

THE Arizona Diamondbacks have sent shockwaves through the National League Championship Series (NLCS) by clinching a remarkable 5-1 victory over the Philadelphia Phillies in Game 6, setting the stage for an intense Game 7 showdown.

The Diamondbacks' thrilling win not only extended their season but also made history as their first-ever elimination-game win on the road, a crucial milestone for the franchise. With this momentum, they are now geared up for a decisive Game 7.

Tuesday night's Game 7 is nothing short of a winner-takes-all scenario, where the victor will secure a spot in the second World Series in the history of the Diamondbacks. The last time they played a Game 7 in a World Series, it culminated in the famous Luis Gonzalez walk-off hit against the legendary Mariano Rivera.

Notably, this Game 7 will be hosted at Citizens Bank Park, a somewhat less daunting prospect for the Diamondbacks after they became the first team to defeat the Phillies in their home ballpark during this postseason. The Phillies had previously maintained a perfect 6-0 record at home this postseason, dominating 11 consecutive postseason home games against NL opponents. Furthermore, under the leadership of manager Rob Thomson, they had an unblemished 5-0 record in potential postseason clinching games.

If the Diamondbacks aim to complete the series upset and secure a World Series berth, they will need to replicate the formula that brought them success in Game 6. This formula included a stellar pitching performance from starter Merrill Kelly, an early lead, and their trademark aggressive baserunning.

Kelly demonstrated his prowess by striking out eight Phillies batters and allowing just one run on three hits during his five innings on the mound.

By securing an early lead, the Diamondbacks managed to silence the home crowd that had anticipated a Phillies victory and the chance to clinch their second consecutive World Series appearance. As D-backs manager Torey Lovullo pointed out, those early runs allowed his team to breathe a little easier and ultimately secure the victory. This marked a significant win as Game 6 was an elimination match for the Diamondbacks, and the pressure was undeniably high.

Additionally, the Diamondbacks reinvigorated their baserunning game, setting a club record with four stolen bases in a single postseason game. This aggressive baserunning approach added a fresh dimension to their gameplay.

To ensure a place in the World Series, both teams will give their all in a thrilling Game 7, where only one will emerge victorious and claim the coveted NLCS title.

Texas Rangers Secure World Series Spot with Dominant Win Over Houston Astros in ALCS Game 7

A thrilling ALCS Game 7, the Texas Rangers showcased their offensive prowess as they powered past the Houston Astros with an 11-4 victory, securing a 4-3 series win and booking their ticket to the World Series. The win sets the stage for an exciting World Series matchup, as the Rangers will face the winner of the NLCS Game 7 showdown between the Philadelphia Phillies and the Arizona Diamondbacks.

The Texas Rangers wasted no time establishing their dominance, kicking off the game with a fiery three-run first inning. This offensive explosion prompted the Astros to replace their starting pitcher, Cristian Javier, in the very first inning. While the Astros managed to respond with a run after José Altuve's leadoff double in the bottom of the first, their momentum was short-lived as a double-play thwarted their efforts, leaving the Rangers with a 3-1 lead at the end of the first inning.

The teams exchanged runs in the third inning, with Texas extending their lead to 4-2 following a solo home run by Adolis García. The fourth inning saw the Rangers loading the bases, setting up Evan Carter for a two-run double that further increased their lead to 6-2. Adolis García then deliv-

ered a decisive blow with a two-run single, extending the lead to 8-2 and making a comeback nearly impossible for the Astros.

The Rangers continued to pile on the runs, with Nathaniel Lowe and Adolis García contributing home runs, cementing their place in the World Series.

One key moment that set the tone for the game was Corey Seager's upper-deck blast to right field, giving the Rangers an early 1-0 lead. García's RBI single, coupled with his daring steal of second base, followed, and he rounded home on a bloop single by Mitch Garver. These early offensive fireworks put the Rangers ahead 3-0, and they never looked back. Astros' starter Cristian Javier's day came to a swift end after only recording one out.

This impressive win keeps Rangers manager Bruce Bochy undefeated in Game 7s, while Astros manager Dusty Baker continues to seek his first victory in a decisive Game 7.

The Rangers now await their opponents in the World Series, ready to make a bid for baseball's ultimate prize.

What Went Wrong?

Mercedes' F1 Blunder at the United States Grand Prix

MERCEDES' challenging 2023 season in Formula 1 took a significant turn at the United States Grand Prix when Lewis Hamilton's impressive second-place finish was abruptly overshadowed by a technical infringement that led to his disqualification from the race.

Despite acknowledging a major strategic error that cost them a potential race win, the seven-time champion was performing brilliantly at the Circuit of the Americas in Austin, Texas. Mercedes' strategic blunder meant they missed an opportunity to seize victory and make Red Bull's Max Verstappen overtake Hamilton. This miscalculation proved costly.

The disqualification resulted from excessive wear on the underfloor skid blocks in the car's 'plank,' which are employed to regulate ride-height and prevent teams from lowering their cars excessively. Running a car lower often enhances its speed, but it also increases wear on these skid blocks.

Mercedes introduced a new floor upgrade for Hamilton's car, which significantly impacted its behavior and gave him added confidence, especially during corner entry. The upgrade aimed to address the season-long issue of rear grip that Hamilton and teammate George Russell had consis-

tently complained about.

Hamilton's newfound confidence was evident, allowing him to tackle corners with more conviction, thereby improving his performance. Additionally, the upgrade boosted the car's competitiveness in high-speed corners, an area where it previously struggled.

However, the unforeseen skid block wear violation tainted Mercedes' performance gains. The team blamed the unique combination of the bumpy track and the sprint-race schedule, which provided minimal time for car setup and checks. This circumstance led to Mercedes and Ferrari's oversight in skid block maintenance.

Mercedes is still uncertain if running the car lower than the rules permit provided any significant advantage. Their immediate focus is on assessing the floor upgrade's true impact and determining if it has indeed addressed their long-standing issues with rear grip.

The upcoming Mexican Grand Prix will offer Mercedes a fresh opportunity to validate their upgrade's effectiveness. Despite the disqualification, the team remains positive about their performance gains, looking forward to future races with optimism.

The Titans of Finance:

How BlackRock, State Street, and Vanguard Shape Markets and Influence Policy

THE labyrinthine world of finance, few entities hold sway over markets and policymakers alike as the titans of asset management: BlackRock, State Street, and Vanguard, these financial giants collectively managed trillions of dollars in assets, establishing a power base so formidable that it extends beyond the trading floors and into the corridors of governance.

Markets under Influence:

The collective dominance of these three firms in the asset management industry, responsible for handling investments from pension funds to individual retirement accounts, is awe-inspiring. They commanded a substantial market share, shaping the financial landscape in profound ways. BlackRock, with a staggering 9% of the global assets under management (AUM), took the lead. Vanguard closely followed, claiming 8%, and State Street held firm at 3%.

Their influence on financial markets is not solely about the sheer volume of assets under their expert guidance. It is a testament to their prowess in creating and popularizing investment products that have transformed the way the world invests. BlackRock's exchange-traded funds (ETFs), State Street's SPDR ETFs, including the iconic SPY, and Vanguard's pioneering low-cost index funds have democratically opened up investment opportunities, enabling ordinary investors to participate in the markets.

A Role in Governance:

But the reach of these financial juggernauts extends beyond the trading floor. Their influence is potent enough to reverberate in the halls of governance. How, you might wonder?

For starters, these firms exert substantial control over various companies due to their significant holdings of corporate stock. They have a say in board decisions, shareholder resolutions, and even corporate governance policies. By influencing the direction of corporations, they effectively shape the landscape of business practices, environmental policies, and social responsibility initiatives.

Additionally, their collective voices often echo in the ears of policymakers. When discussing regulatory matters or financial policy, governments and central banks often turn to these institutions for insights and recommendations. Their ability to sway the conversation regarding issues like environmental, social, and governance (ESG) criteria has been instrumental in steering financial and social responsibility policy discussions.

Looking Forward:

As we look beyond 2023, it's safe to say that the influence of BlackRock, State Street, and Vanguard has not waned. Their strategic investment products continue to shape the investment landscape. In an era where socially responsible investing and sustainable finance are at the forefront, their influence in ESG criteria is bound to play an even more prominent role.

In conclusion, while the scale of these firms' influence might seem daunting, they also bear the responsibility of shepherding the financial industry into more transparent and ethical territory. These giants of asset management are indeed shaping markets and influencing policy, ushering in a new era of finance where capital and conscience converge, for the benefit of all.

Antarctic Sea Ice Hits Record Low, Raising Climate Concerns

PRELIMINARY analysis of US satellite data has revealed that the sea ice surrounding Antarctica has reached a record low surface area during the winter. As the southern hemisphere shifts into spring, the maximum size of Antarctic sea ice on September 10 only reached 16.96 million square kilometers (6.55 million square miles), according to reports from NASA and the National Snow and Ice Data Center (NSIDC).

The NSIDC, a government-supported program at the University of Colorado at Boulder, described this as “the lowest sea ice maximum in the 1979 to 2023 sea ice record by a wide margin.” At one point this year, the sea ice area had dwindled to 1.03 million square kilometers, smaller than the previous record low and an area roughly equivalent to the size of Texas and California combined.

The Antarctic sea ice extent reached another record during the austral summer when it reached a minimum extent of 1.79 million square kilometers (more than 691,000 square miles) in February. Interestingly, the ice pack then regrew at an unusually sluggish rate, even with the onset of winter. NSIDC scientist Walt Meier called it a “record-smashing sea ice low in the Antarctic.”

While climate change has been significantly impacting the Arctic over the past decade, leading to rapidly declining sea ice, its influence on the Antarctic has been less certain. For

several decades, Antarctic sea ice had remained relatively stable, even showing slight expansion from 2007 to 2016. However, since August 2016, the Antarctic sea ice extent trend has sharply declined across nearly all months.

Scientists have been debating the precise cause of this shift, with some hesitating to firmly link it to global warming. Climate models have previously struggled to predict changes in the Antarctic ice pack. The NSIDC suggests the decline may be linked to warming in the uppermost ocean layer and expresses concern that it might signal the beginning of a long-term trend of decline for Antarctic sea ice, given global warming’s impact on oceans.

Nevertheless, it’s important to note that the findings are preliminary, and changing winds or late-season growth could still affect the extent of Antarctic ice. A comprehensive analysis of the data is expected to be released in early October.

Meanwhile, in the Arctic, sea ice has also reached the sixth lowest minimum in 45 years of recordkeeping, with notably low levels of ice observed in the Northwest Passage, a key Arctic sea route. These observations collectively emphasize the continued and evolving effects of climate change on polar ice regions.

Protecting Life's Tapestry:

The Importance of Biodiversity Conservation

BIODIVERSITY, the remarkable variety of life on Earth, is a tapestry woven from the threads of millions of species, each playing a unique role in the delicate balance of our planet's ecosystems. However, this intricate web of life is under threat like never before. In this article, we explore the critical importance of biodiversity conservation and why it is a shared responsibility for the present and future generations.

Biodiversity: A Pillar of Life:

Biodiversity is not just about the number of species; it is the foundation of ecosystems that provide us with clean air, fresh water, fertile soil, and a stable climate. It supports the global food supply, offers medicinal resources, and fuels economic development. Biodiversity is the very essence of life itself.

Ecosystem Services:

Biodiversity conservation is not merely an act of preservation; it is an investment in our own well-being. Ecosystems teeming with diverse species purify our air and water, control pests, pollinate crops, and help regulate our climate. The services provided by these ecosystems have an estimated global value of trillions of dollars annually.

Threats to Biodiversity:

Biodiversity faces an array of threats, from habitat destruction and pollution to climate change and invasive species. Human activities have accelerated the rate of species extinction to an alarming level, endangering ecosystems and reducing the resilience of our environment in the face of global challenges.

Conservation Efforts:

The good news is that there is a growing global effort to conserve biodiversity. Governments, NGOs, and communities are working together to protect and restore ecosystems, create and enforce wildlife protection laws, and support sustainable land use and fishing practices. Biodiversity hotspots are being identified and prioritized for preservation.

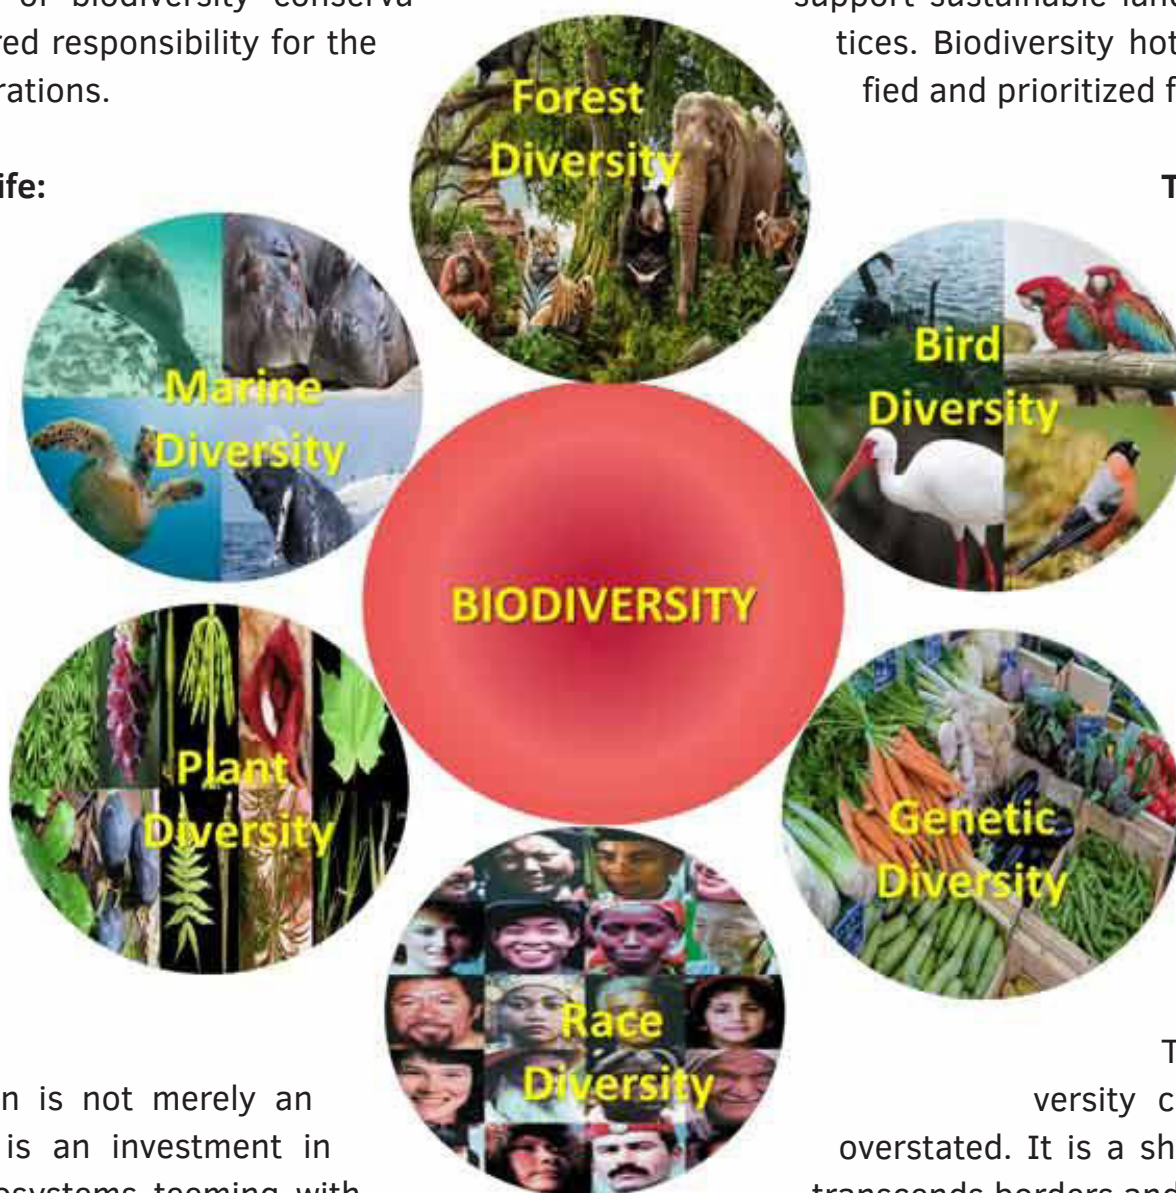

The Role of Individuals:

Individuals also play a vital role in biodiversity conservation. Simple acts such as reducing waste, supporting sustainable products, and practicing responsible tourism can make a significant difference. Awareness and education are powerful tools in the fight to protect biodiversity.

The importance of biodiversity conservation cannot be overstated. It is a shared responsibility that transcends borders and generations.

As we witness the rapid loss of species and the degradation of our natural world, we must act collectively to safeguard the diversity of life. Biodiversity is not a luxury; it is a necessity for our survival and the well-being of all living creatures on Earth.

In its protection, we not only preserve the tapestry of life but secure a thriving future for ourselves and generations to come.

Seeking Peace Amidst the Fray

The Paradox of Religion and Conflict

RELIGION, often seen as a source of solace and moral guidance, is paradoxically intertwined with a history marred by conflicts and wars. While all religions preach peace and goodwill, the undeniable truth is that many wars throughout human history have had a religious origin. In this article, we delve into the complex relationship between religion and conflict, exploring the reasons behind this paradox and the possibilities for reconciliation.

Religion as a Force for Peace:

Most of the world's major religions emphasize principles of love, compassion, and peace. They provide moral frameworks to guide human behavior and promote harmony among individuals and communities. Many religious leaders and followers work tirelessly to foster understanding and cooperation, seeking to address the root causes of conflict.

The Misuse of Religion:

One key factor contributing to religious conflicts is the manipulation and misuse of religious beliefs for political, economic, or power-driven agendas. Throughout history, religious ideologies have been exploited to justify acts of violence and territorial conquest. This distortion of faith has had devastating consequences.

Historical Religious Conflicts:

Historical examples of wars rooted in religious differences include the Crusades, the Thirty Years' War, and the Troubles in Northern Ireland. These conflicts were characterized by sectarian divisions and religious animosities, leading to immense suffering and loss of life.

Religious Pluralism and Interfaith Dialogue:

In an increasingly interconnected world, religious pluralism and interfaith dialogue have become essential. These initiatives bring together diverse religious groups to foster understanding, respect, and cooperation. Interfaith efforts aim to build bridges and resolve conflicts, emphasizing shared

values and common ground.

Religion as a Source of Reconciliation:

It is important to acknowledge that religion is not inherently a cause of conflict; rather, it can be a catalyst for reconciliation. Many peace movements and leaders, inspired by their faith, have played pivotal roles in resolving conflicts and promoting harmony. The principles of forgiveness and reconciliation are central to several religious teachings.

The paradox of religion and conflict is a sobering reminder of humanity's capacity for both compassion and strife. While religious differences have indeed fueled many wars, it is vital to separate the misuse of faith from the essence of religious teachings.

Religion can be a powerful force for peace and reconciliation, and countless individuals and communities are working tirelessly to bridge divides, heal wounds, and promote unity. In an increasingly diverse and interconnected world, it is our collective responsibility to seek understanding and cooperation, ensuring that religion becomes a source of peace and not a cause of conflict.

Challenging Machismo:

Reimagining Masculinity in the Modern World

Machismo

[mah-cheez-moh, -chiz-, muh-]

noun

a strong sense of masculine pride: an exaggerated masculinity

MACHISMO, a term deeply rooted in cultural attitudes of traditional masculinity, has been a pervasive influence on societies for generations. Historically characterized by male dominance, superiority, and the expectation that men should hold power and control, it has often been associated with sexist or chauvinistic behavior. In this article, we explore how machismo is evolving in the modern world, as society embraces a more inclusive and progressive approach to masculinity.

The Shifting Landscape of Masculinity:

In the 21st century, we witness a transformation of masculinity, marked by a growing recognition that traditional ideals of machismo are outdated and inadequate. Modern men are reevaluating their roles in society, relationships, and families, striving for greater emotional intelligence and breaking free from the constraints of rigid gender norms.

Eradicating Gender Stereotypes:

The fight against machismo begins with the rejection of harmful gender stereotypes. Men today are challenging the notion that they must be unemotional and strong at all times. They are embracing their vulnerabilities, expressing their feelings, and participating in caregiving roles traditionally associated with women.

Promoting Gender Equality:

One of the most notable changes is the commitment to gender equality. Men are increasingly supporting the advancement of women's rights and acknowledging the importance of dismantling patriarchal systems that perpetuate inequality.

This shift is creating a more balanced and just society.

Fostering Healthy Relationships:

Modern masculinity prioritizes building healthier relationships based on mutual respect and open communication. Men are recognizing the value of partnership in all aspects of life, fostering empathy, and learning to actively listen to their partners.

Mental Health and Well-being:

Machismo has often stigmatized men seeking help for mental health issues. The contemporary approach encourages men to prioritize their mental well-being, seek support, and address the pressures and expectations that have long weighed on them.

Fatherhood Reimagined:

In the realm of fatherhood, modern masculinity is reflected in more involved and nurturing fathers. Men are embracing active parenting roles and challenging the notion that they should be mere breadwinners.

The transformation of masculinity and the challenge to machismo are encouraging signs of progress. Men are rewriting the script on what it means to be a man, embracing inclusivity, empathy, and equality.

In the modern world, the shift away from traditional machismo represents a collective effort to create a more harmonious and equitable society where individuals can express their identities without the constraints of outdated gender norms.

Do We Unknowingly Discriminate?

Discrimination is a pervasive issue that has plagued societies for centuries. While blatant acts of prejudice are widely condemned, there is a subtler, more insidious form of discrimination that often goes unnoticed. In this article, we explore the various forms of discrimination that persist in our world and ask the crucial question: *Do we unknowingly discriminate?*

The Many Faces of Discrimination:

Discrimination takes on numerous forms, often intersecting with each other. It can be based on race, gender, age, religion, sexual orientation, disability, and more. Some of these forms are blatant, while others are deeply ingrained in our thoughts, behaviors, and institutions.

Implicit Bias:

Implicit bias, also known as unconscious bias, refers to the attitudes or stereotypes that affect our understanding, actions, and decisions unconsciously. These biases may lead us to unintentionally favor one group over another, even if we consciously reject discrimination.

Microaggressions:

Microaggressions are subtle, often unintentional behaviors or comments that convey derogatory or negative messages to marginalized groups. They can be based on race, gender, or other characteristics, and they perpetuate discrimination without the perpetrator realizing it.

Structural Discrimination:

Institutions and systems can perpetuate discrimination, even without explicit intentions. This structural discrimination may be embedded in policies, practices, or norms that disproportionately affect certain groups. It results from historical biases and systemic inequalities.

Media and Stereotyping:

Media plays a significant role in shaping perceptions and reinforcing stereotypes. The portrayal of certain groups in stereotypical ways can perpetuate discrimination. Even well-intentioned media can sometimes unknowingly fall into this trap.

Educational Discrimination:

Discrimination can also manifest in the educational system, affecting access and opportunities for marginalized groups. Unequal resources, teacher biases, and curricula that lack diversity are just a few examples of how discrimination may creep into schools.

The Path to Change:

Recognizing that discrimination exists,

even in subtle and unconscious forms, is the first step toward combating it. We must actively engage in self-reflection, educate ourselves about biases, and challenge the structures and systems that perpetuate discrimination.

Discrimination, whether overt or covert, is a deeply ingrained problem that affects societies worldwide.

It is crucial for us to acknowledge that we may unknowingly discriminate and take proactive steps to combat this issue.

By fostering awareness, understanding our biases, and advocating for equal treatment, we can strive for a more inclusive and just world where discrimination has no place.

Exploring the Wonders of Cognitive Psychology

COGNITIVE psychology is a fascinating branch of psychology that delves into the intricate workings of the human mind. It is dedicated to unraveling the mysteries of mental processes, including thinking, memory, perception, and problem-solving. In this article, we will embark on a journey through the captivating realm of cognitive psychology, exploring the core concepts and shedding light on its real-world applications.

The Study of Mental Processes:

Cognitive psychology is concerned with the study of mental processes, the “software” that runs the human brain. These processes include memory, which allows us to retain and recall information; thinking, which encompasses decision-making and problem-solving; perception, the way we interpret and make sense of the world around us; and attention, the mechanism that filters our sensory input to focus on what’s important.

Real-World Applications:

The insights gained from cognitive psychology have profound real-world applications. Understanding how memory works has led to improved educational techniques, helping students retain and recall information more effectively. Cognitive psychology has also influenced the design

of user-friendly technology, making it easier for people to interact with computers and smartphones. In clinical settings, it plays a crucial role in diagnosing and treating conditions such as Alzheimer’s disease and various cognitive impairments.

Theoretical Frameworks:

Cognitive psychology is guided by various theoretical frameworks, including information processing, which likens the mind to a computer that receives, processes, and stores information. Another framework is the cognitive-behavioral approach, which explores the relationship between thoughts, emotions, and behaviors. These frameworks serve as roadmaps for understanding and explaining the complexities of mental processes.

Cognitive psychology is a captivating field that provides valuable insights into the human mind. By examining thinking, memory, perception, and problem-solving, it equips us with a better understanding of how we process information, make decisions, and interact with the world.

Its practical applications in education, technology, and healthcare make it a crucial discipline that continues to shape our understanding of the inner workings of the human brain.

Elon Musk Playfully Offers \$1 Billion to Wikipedia for Name Change

BILLIONAIRE entrepreneur Elon Musk, known for his ambitious ventures in SpaceX and Tesla, recently made an intriguing offer to Wikipedia. He pledged to donate a staggering \$1 billion to the online encyclopedia if they were willing to change their name to “Dickipedia.” Musk humorously framed this proposal as being “in the interests of accuracy.”

This proposal was met with a playful response from a user

on Twitter who encouraged Wikipedia to accept the challenge, suggesting they could always revert to their original name afterward. Musk, in his typical witty style, replied that he’d require them to maintain the name for a minimum of one year, quipping, “I mean, I’m not a fool lol.”

In another Twitter post, Musk shared a screenshot of Wikipedia’s homepage featuring the message “Wikipedia is not for sale” and “a personal appeal from Jimmy Wales.” He then raised the question of why the Wikimedia Foundation sought substantial donations, despite the notion that the funds weren’t necessary for Wikipedia’s operation. This playful exchange sparked curiosity among netizens.

Musk’s engagement with Wikipedia continued as he wondered if a cow and a poop emoji could be added to his Wikipedia page. The original post garnered significant attention, with millions of views and numerous likes.

Responses from users varied, with some expressing caution about institutions seeking donations, while others found humor in the situation. One user drew parallels to a “cage match challenge,” while another suggested acquiring Wikipedia and utilizing artificial intelligence for autonomous updates.

The interaction with Wikipedia is not the first instance of Musk’s engagement in online discussions and debates. It remains to be seen whether Wikipedia will accept his generous, albeit unconventional, offer.

Every Day Is a Gift

Life is a series of moments, and each day is an opportunity to unwrap a new gift. However, these gifts are finite, and none of us know when our last one will arrive. Embracing the idea that every day is a unique chance to create, learn, and experience can be transformative.

Living with Intention

To make the days count, living with intention is key. It means setting goals, pursuing your passions, and aligning your actions with your values. This intentional living not only brings a sense of fulfillment but also gives your life a clear sense of direction.

Mindfulness Matters

Mindfulness is a powerful practice that can help you live in the moment. It involves being fully present in what you're doing and savoring the richness of the experience. By paying attention to the here and now, you can make even routine tasks more meaningful.

A Modern Man's Guide:

Tips for a Polished Appearance

GONE are the days when skincare and grooming were primarily associated with women. Today, modern men recognize the importance of taking care of their skin and appearance. The market for men's grooming products is on the rise, indicating a shift in attitudes towards self-care. This article delves into the essentials of beauty and skincare for men, offering practical advice for achieving a polished appearance.

Understanding Your Skin Type

Before embarking on a skincare routine, it is essential to ascertain your skin type. Men can have oily, dry, combination, or sensitive skin, and selecting the appropriate products hinges on this knowledge. Understanding your skin type dictates the cleansers, moisturizers, and treatments that will be most effective for you.

Daily Cleansing and Exfoliation

Cleansing forms the foundation of any skincare regimen. Using a gentle, pH-balanced cleanser twice a day—morning and night—cleanses your skin while maintaining its health. Complementing this with exfoliation several times a week aids in the removal of dead skin cells and the prevention of clogged pores. Proper exfoliation can also enhance your skin's texture and reduce the risk of ingrown hairs, especially important if you maintain facial hair.

Moisturize, Shave, and Eye Care

Hydrated skin is healthy skin. Regularly applying a moistur-

izer preserves your skin's softness and wards off dryness. Combining sunscreen with your moisturizer shields your skin from the sun's harmful UV rays. Shaving should be a deliberate process with the use of high-quality shaving cream and razors. Finish up with an alcohol-free, soothing after-shave to deter irritation and ingrown hairs. Don't forget the eye area, as it is prone to aging signs like puffiness and dark circles. An eye cream is a simple yet impactful addition to your regimen.

Healthy Lifestyle Habits and Consistency

Skincare isn't just about products; your overall health also plays a pivotal role in your skin's appearance. Ensure you stay hydrated, maintain a balanced diet rich in fruits and vegetables, exercise regularly, and get sufficient rest. These habits significantly contribute to a youthful and radiant complexion. Consistency is the key to success in skincare. Establishing a daily routine and sticking to it is crucial, as visible improvements in your skin can take time to manifest.

Skincare and grooming know no gender bounds. Modern men can reap the benefits of a well-rounded skincare regimen that considers their specific needs. By determining your skin type and following a consistent routine, which includes cleansing, moisturizing, and protective measures, you can maintain a polished and healthy appearance. With these tips, the contemporary man can confidently embrace a skincare routine that works for him, reflecting not just a sense of style but a commitment to self-care and well-being.
